STEALTH PANEL WITH DOUBLE PROTECTION

The numeric keypad to unlock the safes is cleverly hidden behind a polished mirror panel, revealed only when a special key is inserted.

INTEGRAL REINFORCEMENT

Prying open is virtually impossible with the all-inclusive, thickening hinges installed between the safes door and body.

DRAWER WITH NUMBER LOCK

Storm Wind Thread Lock

Our safes is strongly reinforced against pry attacks, with the invincible, German-patented, exclusive whirlwind lock, screwed securely in the screw hole.
